Recommendation Letter: Ron & Katie Brigmon

TWIMC:

If you are looking for genuine ministry wrapped in exceptional talent, you will be well pleased with the work of Ron and Katie Brigmon. Ron effectively uses scripture memory to support a Biblical message. He is musically talented and God orchestrates these talents to engage the interest of men and women in the congregation and to challenge them to greater commitment.

I can readily endorse Ron & Katie's ministry as I have known him over many years. His hair color is fading but his message is dynamic and life changing. I am confident that this ministry will compliment your efforts with any congregation.

Sincerely,

A handwritten signature in cursive script that reads "Alex Taylor".
